## DETAILED ACTION

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312.

To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tarek N. Fahmi on 10/09/2007.

2. Examiner called Applicant to inform Applicant that claims 1-9 were in condition for allowance; however, claims 10-18 were still pending in the application although they had been withdrawn based upon an oral election with traverse. Applicant decided to cancel claims 10-18 so that claims 1-9 of the application can issue. Based upon the agreement of applicant to cancel withdrawn claims 10-18 Examiner presents the following amendments.

#### *In the claims:*

10. (Cancelled)

11. (Cancelled)

12. (Cancelled)

13. (Cancelled)

14. (Cancelled)

15. (Cancelled)

16. (Cancelled)

17. (Cancelled)

18. (Cancelled)

3. The following is an examiner's statement of reasons for allowance: Claims 1-9 are allowable over the prior art because the prior art fails to teach a method of printing a pattern on a radiation sensitive layer by directing an incident beam of light towards an intermediate layer that excites and propagates a third harmonic beam through at least a portion of the intermediate layer towards the radiation sensitive layer, where the material of the radiation sensitive layer is selectively chosen so that it only absorbs the third harmonic radiation beam.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
